EMPLOYMENT HISTORY

Programmer

Bttis Sep 2023 – Jul 2025

As a Programmer at Bttis, I am responsible for developing and maintaining various software applications. I actively participate in the design and implementation of new features, ensuring the functionality and usability of the applications meet the company's standards. In addition, I collaborate with the team to troubleshoot and deploy effective solutions.

- Developed and maintained software applications using various programming languages and technologies.
- Contributed to the design and architecture of new features and enhancements.
- Utilized troubleshooting skills to identify and resolve software issues.
- Deployed solutions and updates to ensure seamless user experience.
